

REMARKS

This paper is intended as a full and complete response to the Office Action dated October 26, 2005, having a shortened statutory period for response set to expire on January 26, 2006.

Claim 1, 7, and 11 are currently amended in the Application.

Claim 10, 11, 14, and 15 have been cancelled from the Application.

Claim 16 is new in the Application

Claim 1 - 16 are currently pending in the Application.

I. Oath/Declaration

The Office Action objected to the Oath/Declaration as being defective. Applicant has amended the Oath/Declaration to clarify that the priority document was "CO-PENDING". Applicant believes that the amendment made now puts the Oath/Declaration in compliance with 37 CFR 1.67(a). A substitute Oath/Declaration has been included in ATTACHMENT A. Reconsideration of the objection in view of the amendment is respectfully requested.

II. Claims Objections

The Office Action objected Claims 1 - 15 because of informalities. Applicant hereby amends Claims 1 and 7 to correct the informalities mentioned in the Office Action. Applicant believes no new matter has been added with these amendments. Reconsideration of the objections in view of the amendment is respectfully requested.

III. Claim Rejections 35 USC § 102

The Office Action rejected Claim 14 under 35 USC § 102(b) as being anticipated by *Barree* (US Patent 4,776,618). Applicant has cancelled Claim 14. Reconsideration of the rejection is respectfully requested.

IV. Claim Rejections 35 USC § 103

The Office Action rejected Claims 1 - 9, 12 - 13 and 15 as being unpatentable over *Barree* (US Patent 4,776,618).

Applicant has amended Claim 1 by adding allowable subject matter of Claim 10 made allowable by the Examiner. Applicant believes that Claim 1 as currently written is distinguished from *Barree*. Since Claims 2 - 9 and 12 - 13 include all the limitations of independent Claim 1, Applicant believes that Claims 2 - 9 and 12 - 13 are also distinguished from *Barree*. Applicant believes no new matter has been added with the amendments. Reconsideration of the rejection in view of the amendments is respectfully requested.

Applicant has cancelled Claim 15. Reconsideration of the rejection to Claim 15 is respectfully requested.

V. Allowable Subject Matter

The Office Action noted that Claims 10 and 11 would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Applicant has cancelled Claim 10 and incorporated the subject matter into independent Claim 1. Applicant has also cancelled Claim 11 and written a new Claim 16 incorporating the subject matter of Claim 11, including all of the limitations of the base claim and all intervening claims.

Applicant believes no new matter has been added with these amendments. Reconsideration of this Application with the amended claims in view of the remarks expressed throughout this response is respectfully requested. Applicant appreciates the Examiner's time and attention to this matter. Applicant believes the Claims as now provided are in condition for allowance. Reconsideration of this application is respectfully requested.
